**RE:** ACADEMIC STANDARDS

2015 Wisconsin Act 55 requires identification of the academic standards adopted by the Manitowoc Public School District that will be in effect for the 2022-2023 school year, Wis. Stat. 120.12 (13) (a) and 120.12 (13) (b). Our mission statement states:

The Manitowoc Public School District commits to educate, engage and inspire all learners to thrive in a global community.

Standards serve as goals for teaching and learning. Setting high standards enables students, parents, educators, and citizens to know what students should have learned at a given point in time. Clear statements about what students must know and be able to do are essential to ensure that our schools offer opportunities to acquire the knowledge and skills necessary for success. The MPSD recommends adoption of the following Academic Standards:

- Every student has the right to learn.
- Instruction must be rigorous and relevant.

- Learning is a collaborative responsibility.
- Student bring strengths and experience to learning.
